The Project proposes the demolition of three existing vacant warehouses totaling approximately 35,000 square feet and the removal of approximately 23,000 square feet of associated paved surface parking area and concrete surface area in order to construct an up to 247,000-square-foot, type-I mixed-use building containing up to 220 live/work units and approximately 22,725 square feet of open space for residents, up to 44,530 square feet of commercial uses, and associated parking facilities providing approximately 342 parking spaces and approximately 288 bicycle parking spaces. Eleven percent of the units (approximately 25 live/work units) would be deed-restricted for Very Low Income households. The proposed building would be up to 110 feet (8 levels) tall and would include a three-level subterranean parking structure.
